It's experience and skills have been obtained in the building industry. That makes it fit for other tasks. It's best use is behind a efficient Rotor-Packer.

It's unique technology is controlled by a modern Siemens S7 programm – of course from our company.

Our experience of 25 years , permanently adapted to the actual needs in the market, is anytime available for you.

A talk with us is worthwhile itself!

---

**We plan, supply and install your complete plant. Self-evidently our costumer service attends you, also after the initiation.**
